THE JOURNEY

THE STRATEGY BY NUMBERS

from
285 options
to **137**
recommendations

~\$100 billion

70% statewide

9 sectors

45% better use

137 recommendations

35% new build

our **top 3** RECOMMENDATIONS

Investing in **social and affordable housing** for vulnerable Victorians to significantly increase supply

Introducing a comprehensive **transport pricing regime** to manage demands on the network

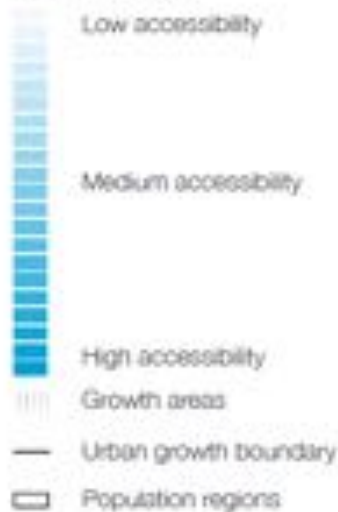

Increasing densities in established areas and employment centres to make better use of existing infrastructure

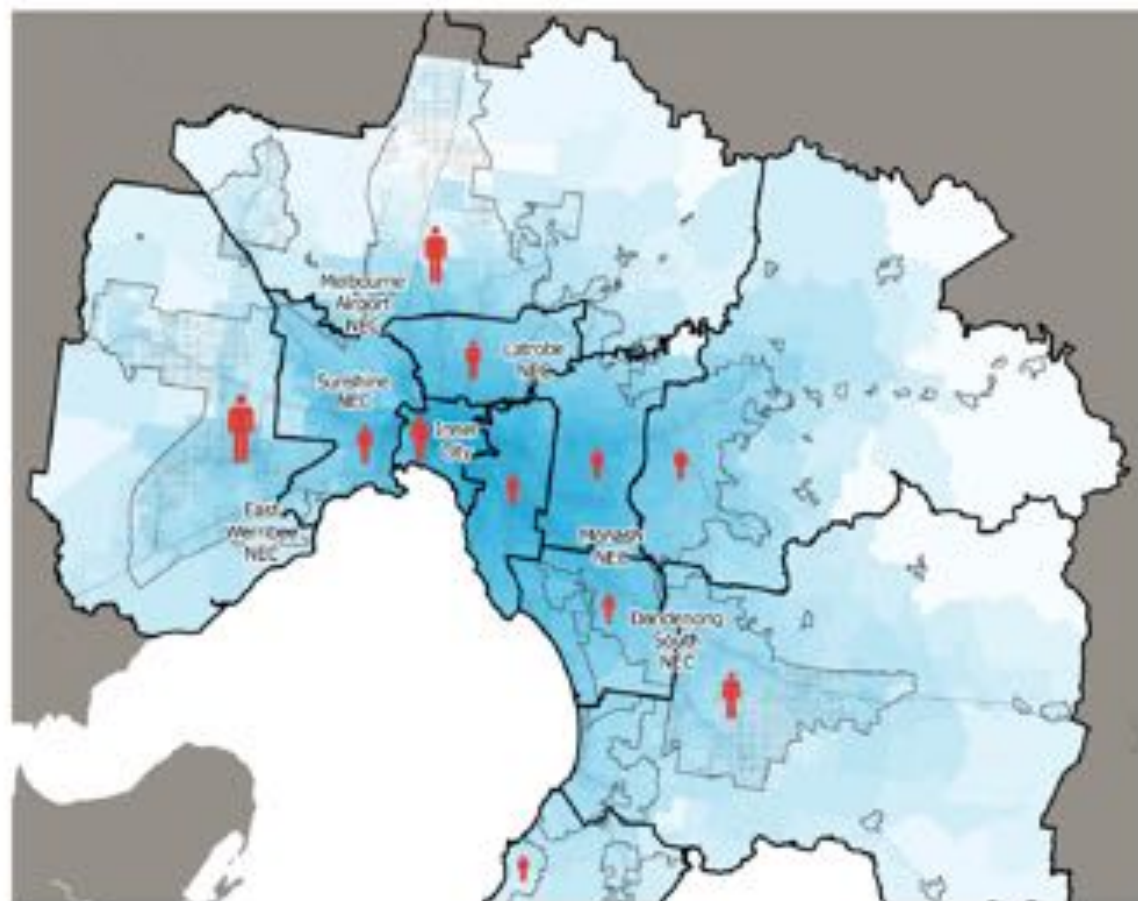

**It makes sense to direct
growth where there is
existing infrastructure
capacity**

Projected accessibility
to employment,
Melbourne, 2046

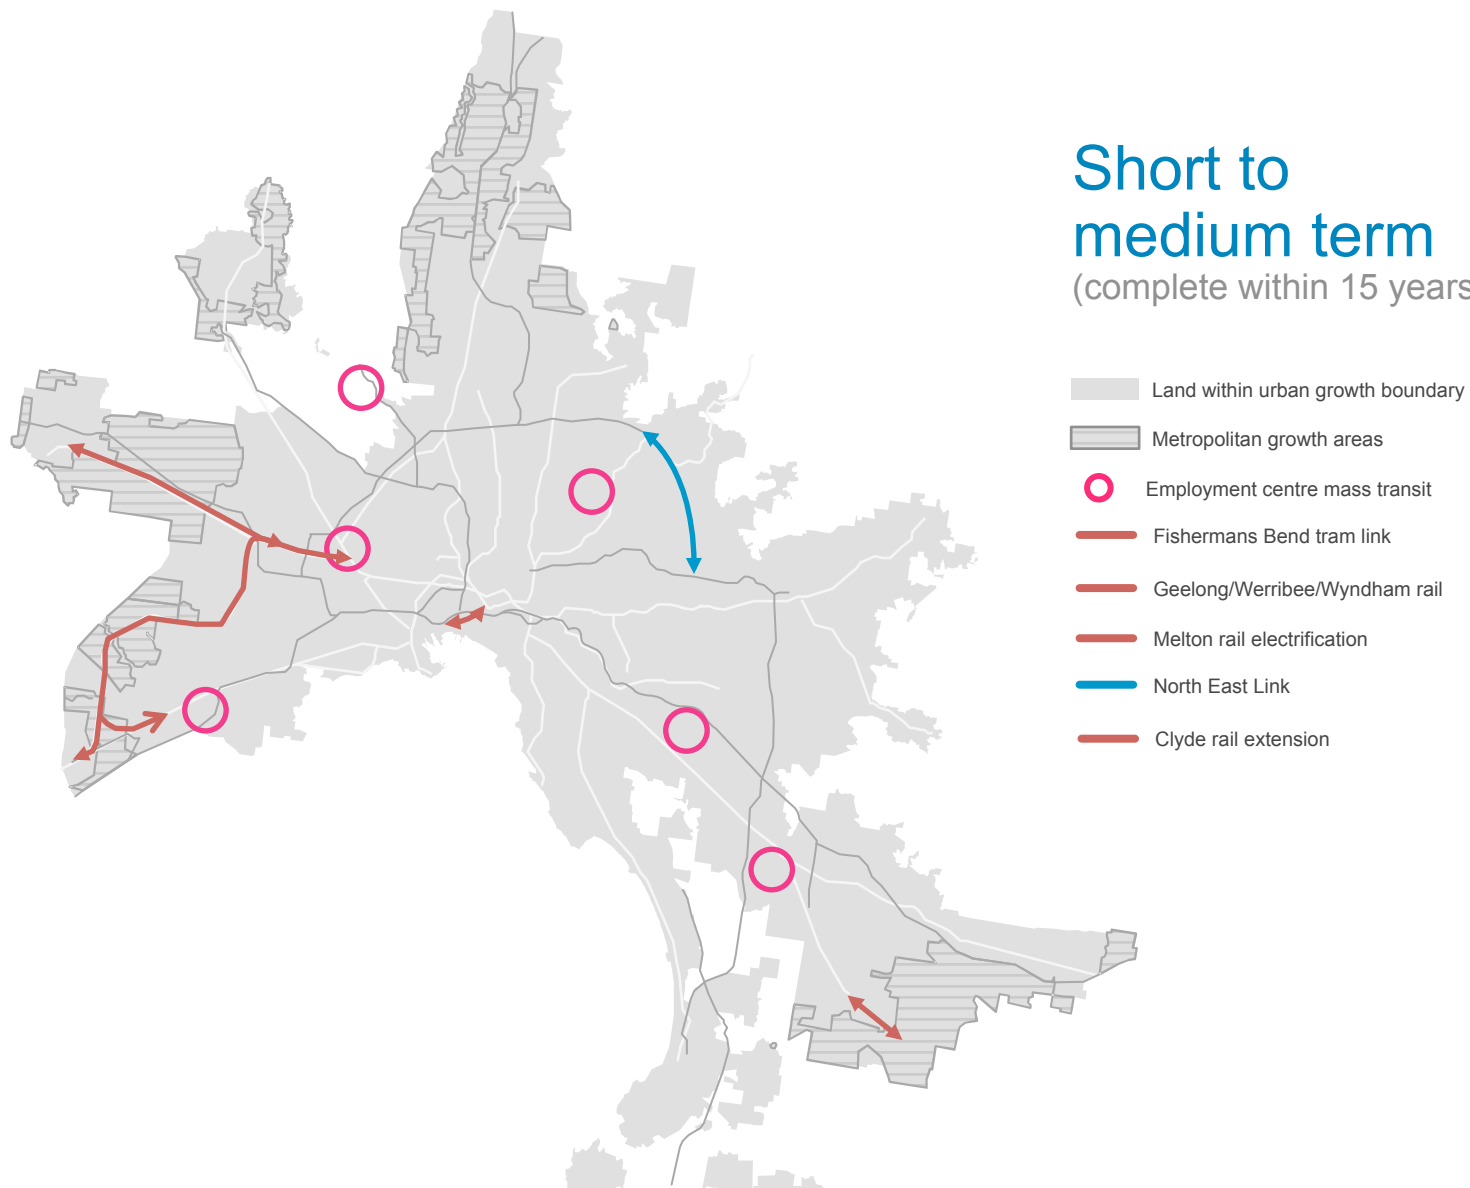

Projected population growth,
2016-2046

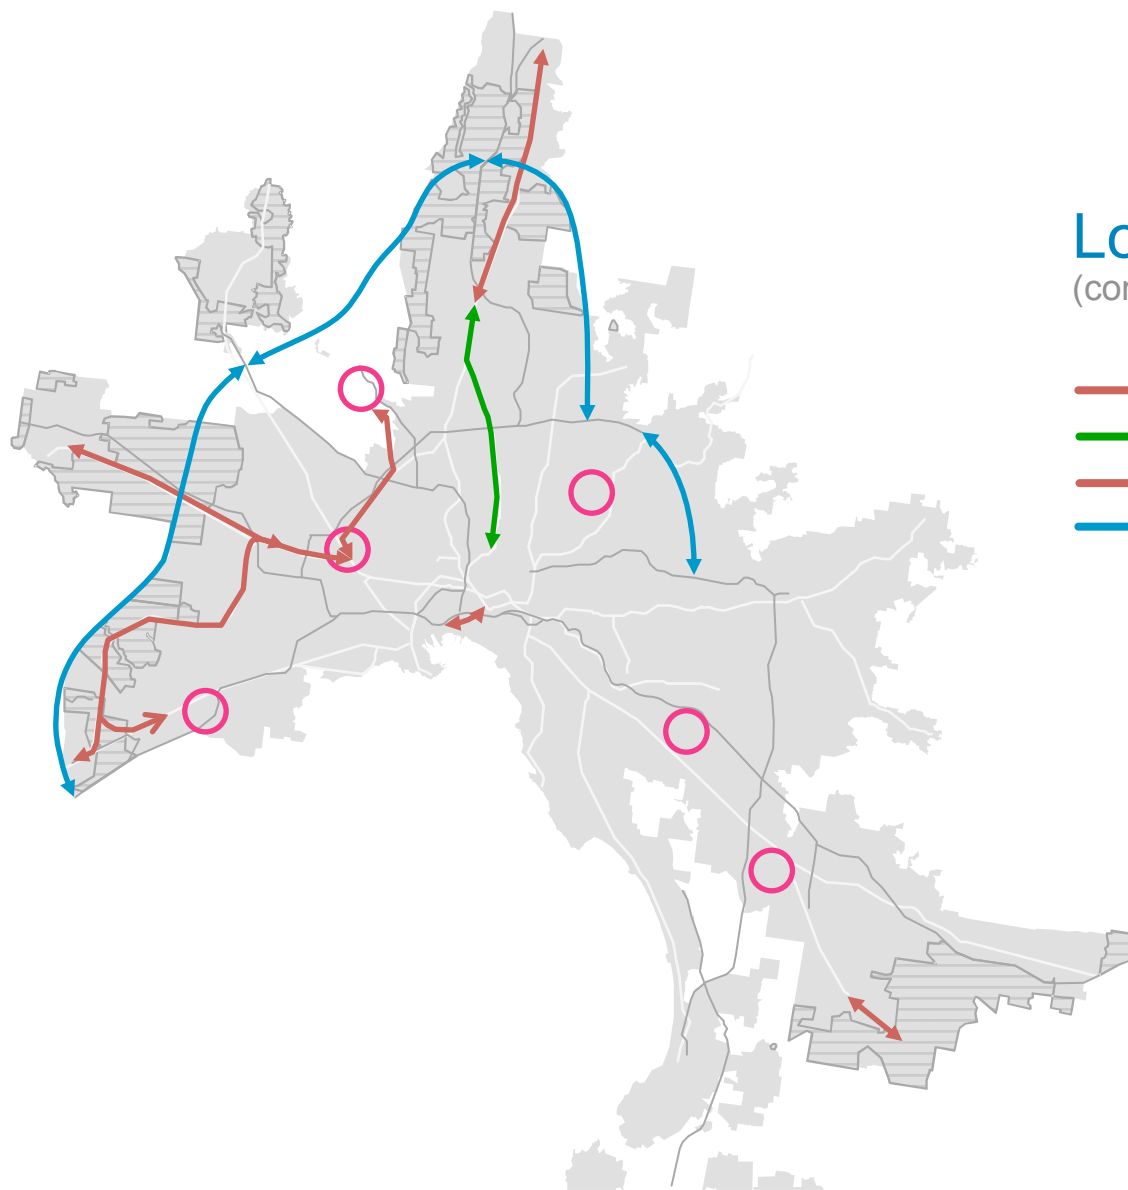

Source: Accessibility mapping from 2046 base case modelling by KPMG/Arup/Jacobs, *Economic appraisal and demand modelling*, 2016, and population growth projections from Victorian Department of Environment, Land, Water and Planning, *Victoria in future*, 2016, and unpublished Victorian Government population projections

Short to medium term

(complete within 15 years)

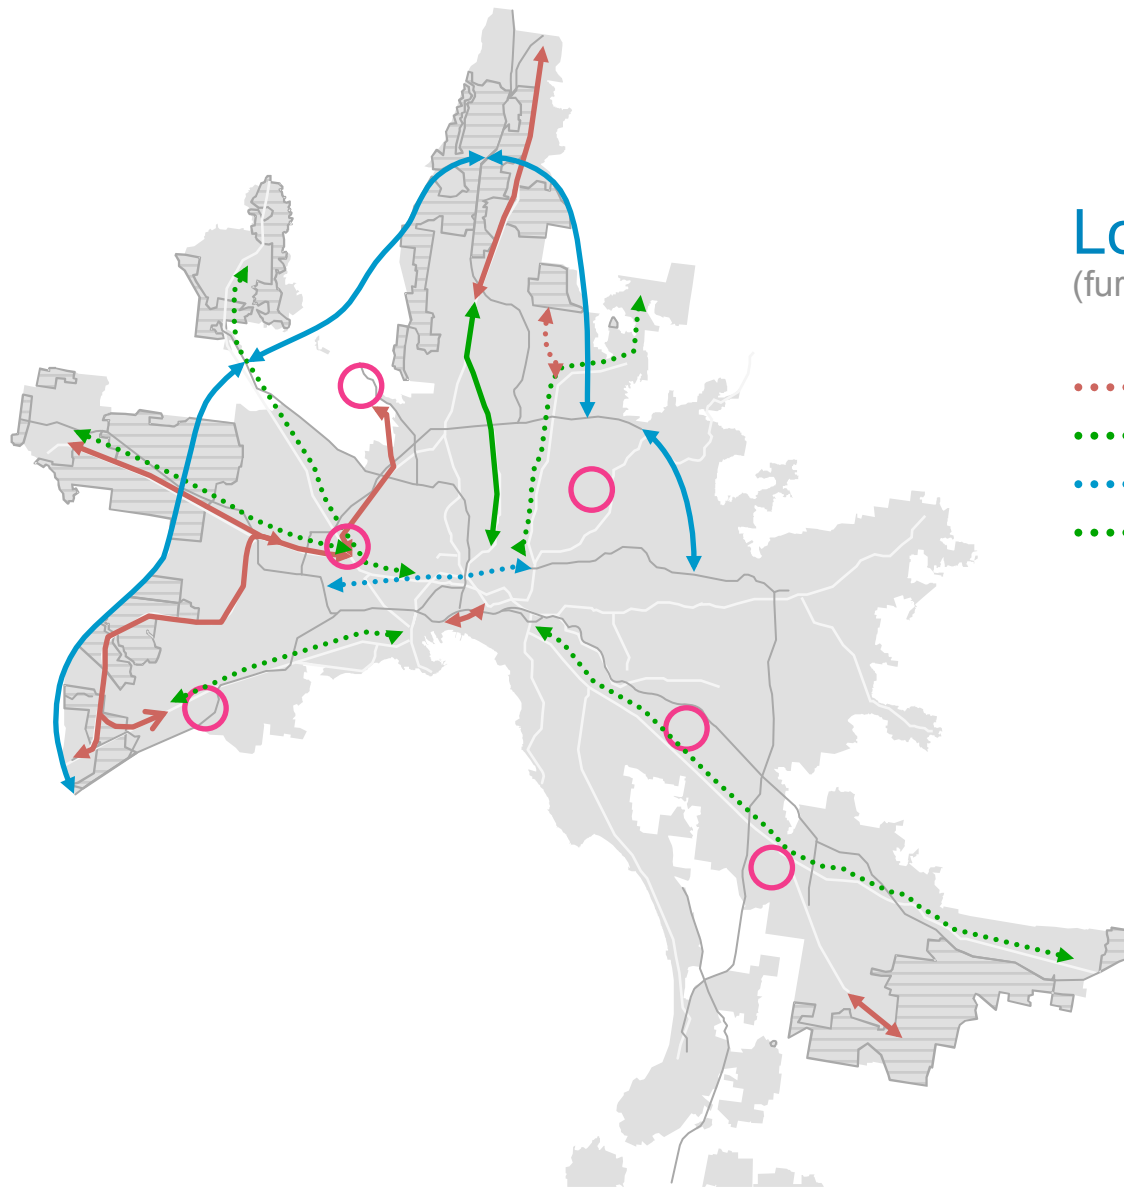

Longer term

(complete within 15-30 years)

- Wallan rail electrification
- City Loop reconfiguration
- Melbourne Airport rail link
- Outer Metropolitan Ring Road

Longer term

(further investigation)

- • • Wollert transport links
- • • Melbourne Metro – future stages
- • • Eastern Freeway-CityLink-Western Ring Road
- • • Regional Eastern Corridor

Addressing the transport needs of regional Victoria

Addressing the freight needs of Victoria
